Sample Helps Frail Women

So many women are dragging out
weary lives just because their diges-
tive organs are weak. The result is
poor circulation, nervousness and the
verge of invalidism. It is often very
unnecessary and the woman's own
fault.

The first thing to do is to look to the
weakness of your bowels. There the trou-
ble usually lies. All physicians know
that a large percentage of women are
habitually constipated, and from this re-
sults indigestion, piles, weariness, etc.
But there is no use taking "female reme-
dies" and things of that kind until you
start your bowels moving. You will find
that when the bowels move regu-
larly once or twice a day all your
petty ills will disappear. Take a good
laxative tonic like Dr. Caldwell's
Syrup Pepsin for awhile and you will
find yourself rapidly getting better and
stronger, your bowels will regulate them-
selves and work at stated times, and
your health, vigor and happiness will
disappear. Don't take strong cathartic
pills or salts, but just such a mild and
pleasant-tasting remedy as Dr. Caldwell's
Syrup Pepsin.

You can obtain a bottle of your drug-
gist for fifty cents or one dollar, and
either size may be enough to perma-
nently cure you. Thousands of women
keep it regularly in the house and will
no longer be without it, as it cured them
and can be used with safety by every
member of the family, down to the
youngest child, but if you have never
used it take the advice of Mrs. Earl S.
Cox, 409 Twenty-fifth street, Moline, Ill.,
and send to Dr. Caldwell for a free trial bot-
tle, as they did, and learn for yourself
what it will do in your own case. That
it will cure you, as it did them, there is
no doubt.

Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family pertaining to
the stomach, liver or bowels absolutely
free of charge. Explain your case in a
letter and he will reply to you in detail.
For a sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 500 Cald-
well building, Monticello, Ill.

STOCK, CROP AND FARM NOTES.

—The Mercer County Fair Association
will hold its annual fair at Har-
rodsburg, August 9 to 10, 1910. R. W.
Keenon is Secretary.

—The Shelby County fair will be
held August 24th to 26th, 1910, at Sher-
byville, Ky. J. A. Lee is President;
T. R. Webber is Secretary.

—The hog will take most anything
and turn it into meat; but this does
not argue that anything is good enough
for the hog. Only the best and the
freshest, and the purest of food should
be given the hog.

—Hogs in the various markets have
dropped from the \$11.00 mark and sold
last week as low as \$8.80 for tops and
\$8.00 for low grades. The market was
strong at the close.

—A dispatch from Carlisle says:
"Nicholas county has a mare that has
just dropped three well-developed
mule colts. The mare belongs to Mrs.
Lizzie McCormick, of Carlisle, and
the mare and colts are quite a curios-
ity and are attracting much attention."

—The Kentucky Wool Pool is reported
to control about 100,000 pounds of the
product and it is said several man-
ufacturing concerns are negotiating for
it. It is thought prices will range
slightly lower than last year when the
crop brought 25 cents to 35 cents, as
to grade.

Provide for a Sane Fourth.

Paducah is providing for a safe and
sane fourth and if an ordinance which
the Ordinance Committee has been in-
structed to draft passes the City Coun-
cil holidays will be sanely celebrated
there hereafter. The sale of fireworks,
including firecrackers and toy blank
pistols, will be prohibited by the
measure, except by wholesale houses,
which will have to secure a permit
from the city.

The ordinance provides that a spe-
cial display may be given by compe-
tent men, and under the supervision of
the fire chief. Such an ordinance has
been requested by the National Board
of Fire Underwriters.

Reaching the Top.

In any calling of life, demands a
vigorous body and a keen brain. With-
out health there is no success. But
Electric Bitters is the greatest Health
Builder the world has ever known.
It compels perfect action of stomach,
liver, kidneys, bowels purifies and en-
riches the blood, tones and invigor-
ates the whole system and enables
you to stand the wear and tear of
your daily work. "After months of
suffering from Kidney Trouble," writes
W. M. Sherman, of Cushing, Me.,
"three bottles of Electric Bitters
made me feel like a new man." 50c
at Oberdorfers.

Given a Life Sentence.

In the Clark Circuit Court, Dock
Rome was given a life sentence for
false swearing under the habitual
criminal act, this being his third con-
viction.

Forced To Leave Home.

Every year a large number of poor
sufferers whose lungs are sore and
racked with coughs are urged to go
to another climate. But this is costly
and not always sure. There's a better
way. Let Dr. King's New Dis-
covery cure you at home. "It cured
me of lung trouble," write W. B.
Nelson, of Calamine, Ark., "when
all else fail and I gain 47 pounds in
weight. Its surely the King of all
cough and lung cures." Thousands
owe their lives and health to it. Its
positively guaranteed for Coughs, Colds
LaGrippe, Asthma—all Throat and
Lung trouble 50c and \$1.00. Trial
bottle free at Oberdorfers.

Piles! Piles! Piles!

"Have you neglected your kidneys?
Have you overworked your nervous
system and caused trouble with your
kidneys and bladder? you
in joints, side, back, groins and blad-
der? Have you a flabby appearance
of the face, especially under the eyes?
Too frequent a desire to pass urine?
If so, Williams' Kidney Pills will cure
you—at Druggists. Price 50c. Wil-
iams' Mfg. Co., Prop., Cleveland, O.
For sale by Oberdorfer.

Machinery Adapted to Appalachian Region

Elaborate Displays That Will Interest Mining Men and Firms Alike.

For the practical men, those who
visit fairs and expositions for what
they may learn that may be of prac-
tical benefit to them, the exhibits of
machinery at the Appalachian Ex-
position, to be held in Knoxville, Tenn.,
Sept. 12 to Oct. 12, next, will hold in-
terest second to no other feature.

There will be a machinery display
that promises to exceed in many
ways any ever before shown in the
south. A commodious section of the
main building at the exposition has
been set apart for displays of ma-
chinery, thirty-six spaces having been
allotted for this feature, and already
numerous requests for space have
been received from some of the larger
machinery dealers and manufacturers
of the country. It is believed that the
applications for space will be more
numerous than the exposition can ac-
commodate, and the display will,
therefore, not be confined to this
building. The more delicate machin-
ery, that which must be kept from
exposure, will be assigned to the
building, and in addition, there will
be quite an extensive display of farm
and mining machinery and that used
for quarrying in another structure
closely adjoining the main machinery
building. Knoxville being in the
heart of vast coal and marble regions,
the mining and quarrying machinery
displays will be one of the features
of the show. But there will also be
numerous displays of agricultural and
other kinds of machinery which, to
the practical, up-to-date farmer, will
be of keener interest than any other
feature of the show. The section of
the main exposition devoted to ma-
chinery displays has been so con-
structed as to afford a solid earth
foundation, which will admit of the
operation of machinery, of no matter
what weight and power, at full capac-
ity, and the visitor to the exposition
may see the actual tests of a complete
mill outfit.

Appalachian Region Is to be Developed

Exposition in Knoxville Next Fall Will Facilitate Opening Resources.

Development of the resources of
the Appalachian mountain region is
now in its infancy. The creation of
the Appalachian forest reserve will
prove a great impetus to the section
of the south included in the Appa-
lachian region, which covers portions
of the states of Tennessee, West Vir-
ginia, Virginia, Kentucky, North and
South Carolina, Georgia and Alabama.
It is for the purpose of furthering the
Appalachian development that the
great Appalachian Exposition has
been devised, to be held at Knoxville,
Tennessee, Sept. 12 to Oct. 12, of this
year. The exposition will include ex-
hibits of resources and commercial
and industrial products of the Appa-
lachian region, and will be a compre-
hensive presentation of the great pos-
sibilities of that section, which is one
of the richest in the whole world.
Coal, iron, gold, silver, lead, zinc, cop-
per, barytes, marble, timber and rich
hardwoods are among the natural re-
sources of the Appalachians. All
these are being extensively operated,
but the development now under way
is meager as compared to what will
be accomplished as a result of the
publicity given this section through
the Appalachian Exposition next fall.
It is confidently expected that 350,000
people will see this exposition, which
will be upon a scale surpassing any-
thing in the south.

Appalachian Bench Show to Have Many Fine Dogs

Attention Being Given to Raising Dogs of Fine Breeds—Appalachian Exposition Feature.

That there are many lovers of ped-
igreed dogs in the Appalachian terri-
tory of the south will be fully demon-
strated at the bench show to be held
at the Appalachian Exposition in
Knoxville, Tenn., from September 21
to 24. There will be dogs of all breeds,
from the tiny little black-and-tan and
the fluffy little snow-white Pomer-
anian to the Great Danes and Alfores.
This show will be held under the rules
of the American Kennel Club, and the
usual prizes will be awarded. It is
expected that one thousand dogs will
be shown.

R. P. Gettys, superintendent of the
bench show, is organizing a kennel
club among the "doggie" people of
Knoxville that assures already the suc-
cess of the undertaking.

ARMY AND NAVY EXHIBIT

Will Be Part of Government's Display at Appalachian Exposition.

Assurances have been given by offi-
cials in Washington that the army and
navy departments will have large and
creditable exhibits at the Appala-
chian Exposition in Knoxville, Tenn.,
September 12 to October 12, of this
year. The exhibits will include pieces
of infantry and artillery and cavalry
weapons, models of naval vessels, In-
dian war relics, types of uniforms of
the army, and other things that will
interest the militant spirits of the Ap-
palachian region.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally need-
less, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examina-
tion. No alcohol and no habit-forming drugs are found in it. Some unscrup-
ulous medicine dealers may offer you a substitute. Don't take it. Don't trifle
with your health. Write to World's Dispensary Medical Association, Dr. R.
V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
